

Living with peace of mind

Think of **Laurel Bank**  
as a home from home

Enjoy a friendly, relaxed atmosphere with peace of mind knowing we're here to care for you 24 hours a day. We'll enable you to live a life as full as you're able, with our support.

It's our responsibility to make you feel safe, cared for, and at home. When you need nursing care, join us in a home from home, where we will create a care plan that suits your individual needs, and where you will also be able to enjoy the company of others.

### An Individual Approach

We place a high emphasis on the quality of our nursing care, and we believe this makes our homes stand out from others you might experience.

We are proud to consistently receive great feedback from our residents and their families on [carehome.co.uk](http://carehome.co.uk) and have been recognised as a Top 20 Care home in Scotland.

Our highly trained and qualified team of nurses and carers are on hand 24 hours a day, every day of the year.

Our approach is truly centred on you. Whatever the support you need, we'll work with you and your family to make sure you are cared for and comfortable – giving you peace of mind.

We provide care that maintains dignity and self-respect. For those with Dementia we encourage gentle activity and help stimulate memories that provide comfort and contentment.

Care is our focus. Offering afternoon tea to someone is one thing, making sure it's how they like it and having a chat is another. All our staff have *"that extra element"* in being helpful and caring to our residents.

And it's that ingredient that makes for a happy atmosphere – and a place where people enjoy living.

### Be the best you can be

We believe in enablement – supporting people to feel capable again. As care professionals, we see it as our job to help you feel like yourself and achieve the things you want to. Even if it's just the little things such as getting up when you want or preparing your own breakfast.

## Our Rooms

We try to make our rooms as homely as we can, and where possible encourage residents to bring some personal items to remind them of home. Our rooms have ensuite facilities and a nurse call system.

## Activities

We have regular activities to get involved in and beautiful gardens to enjoy.

We have a dedicated activities coordinator in each of our homes.

We organise trips out. In our Scottish homes we have our own mini-bus to take us out on mini-adventures.

We encourage participation in a range of daily activities while remaining respectful and reflective of the overall wellbeing and interests of each individual.

Whether you enjoy flower arranging, painting, or a game of cards there is always something to do and somewhere to socialise.

## Food

We take it to heart that good food can be a highlight of the day. Our Chefs take great pride in creating enjoyable and nutritionally balanced meals. There's always a choice on the menu. We provide 3 meals a day, with snacks in-between, and do everything we can to cater for individual likes and tastes. We take time to understand your food preferences, and where required provide assistance with eating.

We maintain good levels of hydration and nutrition, particularly amongst our residents with memory loss.

## We aspire to be the leading care home in all our local communities

At Silverline Care it's our mission to provide high-quality care for our residents, give peace of mind for their families, and be a great place to work. Please visit our website [www.silverlinecare.com](http://www.silverlinecare.com) to find out more about what we value and care about.

### Investing in our homes and our people

- We invest in our people – offering training and development, open communication, proactively seeking feedback and always striving to be a great place to work.
- We invest in our homes each year to improve accommodation and quality standards. There are regular quality inspections to keep standards high.
- We also invest in technology, and have an electronic care plan system in place which means our staff can spend less time filling in forms and more time with our residents.

## Feel at home immediately

Silverline Care's nursing homes are all purpose built. This means they are designed with the wellbeing of our residents in mind. Our homes offer the best of all worlds. A warm and homely place to live and all the facilities you need to enjoy life to the full.
